APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion, place of use and manner of use of the waters of an underground source as heretofore granted under Permit 42009 is issued subject to the terms and conditions imposed in said Permit 42009 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work If the well is flowing, a valve must be installed and is filed. maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The total combined duty of water under Permits 42175, 42176, 57901 and 73108 shall not exceed 128.85 acre-feet annually. (CONTINUED ON PAGE 3)

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.402 cubic feet per second, and not to exceed 1.402 cubic feet per second, and not to exceed 1.402 cubic feet per second, and not to exceed 1.402 cubic feet per second, and not to exceed 1.402 cubic feet per second, and not to exceed 1.402 cubic feet per second, and not to exceed 1.402 cubic feet per second, and not to exceed 1.402 cubic feet per second, and not to exceed 1.402 cubic feet per second, and not to exceed 1.402 cubic feet per second, and not to exceed 1.402 cubic feet per second, and not to exceed 1.402 cubic feet per second, and not to exceed 1.402 cubic feet per second, and not to exceed 1.402 cubic feet per second, and not to exceed 1.402 cubic feet per second, and not to exceed 1.402 cubic feet per second.
